## **Supply Information**

**Pond dye** can be used to limit sunlight penetration and help limit algae & vegetation growth. We recommend 1 quart of blue and 1 quart of black per acre.

**All Seasons Blend Bacteria product** is used to reduce the level of nutrients in the pond which are the primary culprit of excessive algae & vegetation growth. This product aids in the nutrient reduction process which leads to more manageable nutrient levels.

**Triton fish food** is a 45% protein (fishmeal based) fish food that can be fed to fish to increase growth rates and enhance the overall health of the fish.

**Texas Hunter fish feeder** is the premium fish feeder available on the market and is operated by a programmable timer and powered off of a 12v battery and solar panel (all included).

**Electrofishing surveys** are conducted in existing ponds to determine fish population dynamics and provide recommendations for corrective or supplemental stockings. Herman Brothers Fisheries conduct over 350 surveys each year throughout the Midwest helping people in many different ways. These services included in the survey include, but are not limited to: electrofishing (fish survey), vegetation/algae analysis, water quality analysis, depth analysis, etc.

## **Fish Sale Delivery Information**

The hatchery will deliver to you! If you meet a few requirements, of course. Here are the details:

All delivery orders **MUST** be over \$750

All orders **MUST** consist of mostly NON-bagged fish.

\*\*Final determination will be made by the Hatchery\*\*

### **Delivery charges:**

If your order totals -

\$750 – \$850 your delivery charge will be \$75.

\$850 - \$1000 – your delivery charge will be \$50

\$1000 and up – NO DELIVERY CHARGE

Once you have your order ready, please call the office and place it. We will then discuss the order with the hatchery to make sure that the delivery is lined up correctly. If you have more than one pond to deliver to, you may have a separate delivery date from the office date.

Questions? Call the office!
